

The screenshot shows the BRS form interface. At the top, there are buttons for 'Search', 'List', 'Browse', 'Query', and 'Star'. Below these, there are input fields for 'DBs' (containing 'USPAT') and 'Default operator' (containing 'OR'). To the right, there are two checkboxes: 'Plurals' (unchecked) and 'Highlight all hit terms initially' (checked). Below these controls is a large, empty rectangular text area with a vertical scrollbar on the right. At the bottom of the interface, there is a row of icons and labels: 'BRS form', 'IS&R form', 'Image', 'Text', and 'HTML'.
